Local Company is Awarded Charter Accreditation by International Group

(Virginia Beach, VA, June 3, 2003) – Organization Management Group, Inc. has been awarded Charter Accreditation by the International Association of Association Management Companies (IAAMC), having met the ANSI/IAAMC Standard of Good Practices for the Association Management Industry. Organization Management Group is one of 19 association management companies (AMCs) in the world to achieve this distinction.

IAAMC's accreditation program was launched in 2002 after the American National Standards Institute (ANSI) approved IAAMC's Standard. The Standard is an American National Standard, recognized specifically by ANSI as the standard for the AMC industry. The Standard is the basis of IAAMC's accreditation program, which is the most demanding and comprehensive in the AMC industry.

"I congratulate Organization Management Group for achieving IAAMC accreditation," stated IAAMC President, Dave Baumann. "Achievement of this program demonstrates that Organization Management Group has invested significant resources to meet the requirements of the Standard. Organization Management Group's clients can be assured that they are partnering with an AMC that operates with the highest level of professionalism and responsibility," he added.

The accreditation program is a voluntary process that requires written documentation and an independent review verifying that Organization Management Group meets or exceeds the Standard's requirements for accounting procedures, appropriate contract review and transition procedures, appropriate and adequate insurance coverage, written record keeping procedures, and proper employee recruitment and training programs. Achievement of this accreditation demonstrates Organization Management Group's commitment and ability to deliver service, quality and excellence.

Organization Management Group's skilled professionals provide executive management, meeting planning, educational programs, and specialized administrative services to associations, societies, corporations, and other organizations. Clients include several local, state, and national associations.
